

DRI Construction Law Conference (April 10, 2019)

When: Apr 10, 2019

Where:

Las Vegas, Nevada

The construction industry is rapidly being confronted by unprecedented changes—shortages of skilled workers, new technologies, and economic pressures caused by recent geopolitical events are all forcing stakeholders to adapt rapidly to the changing climate. Those who cannot adapt to these changes risk falling behind, or becoming obsolete. All attendees—construction professionals, attorneys, and insurance professionals alike—will benefit from the educational and networking opportunities presented at this year’s seminar.
