

Join KD for APIW's Steering Group Gathering on August 24th

KD's San Francisco office is proud to co-host the upcoming Association of Professional Insurance Women (APIW) cocktail party and networking event on August 24, 2017 at The Battery. With assistance from Nicolaides Fink Thorpe Michaelides Sullivan LLP, Co-Managing Partner of KD San Francisco office, Katherine Catlos, will lead the Northern California chapter of APIW Steering Group Gathering. Join us for drinks and light bites from 5:00 - 7:00 pm.

The mission of the APIW, to provide women in the insurance industry with opportunities for professional development and assistance in advancing their careers, aligns with KD's Women's Initiative. As part of the Leadership Committee, Ms. Catlos plans networking opportunities and associations with leading professional organizations geared towards women in business like this event. Check back often to see when new events, news, or resources become available.
